VESPER

VESPER is a critically-acclaimed bar that is the pioneer of Bangkok's thriving cocktail scene.

We have been listed as one of ASIA'S 50 BEST BARS for 6 consecutive years (2016 - present).

Ever since we are founded in 2014, we take pride in developing not only delicious, cutting-edge drinks but also ones that are conceptually thought-provoking. Our previous menu, the ART BOOK, draws inspiration from the artworks of masters like Andy Warhol, Henri Matisse and Damien Hirst. Our current menu, CONTRAST, plays around with creating drinks from diametrically opposed ideas such as 'Beginning / End / Beginning', 'Beauty & the Beast' and 'LGBTQ+ / Male / Female'.

In 2018, we are voted among the bar industry as the Most Creative Cocktail Program at the BAR AWARDS BANGKOK.

Federico Balzarini
Bar Manager

Born & raised in Salò, a beautiful Italian town close to Milan, Federico began his career in hospitality at a local cocktail bar where he felt in love with bartending. He decided to move to London in 2016 to pursue his dream by first joining Soho House's Hubbard & Bell as bartender before furthering his career at the legendary American Bar at The Savoy (No.1 WORLD'S 50 BEST BARS 2017) as Senior Bartender. Working directly with legendary names like Erik Lorincz and Declan McGurk, Federico has not only gained tremendous experience in creating refined cocktails but also in providing exceptional service to the discerning guests. After 5 years in London, Federico is making his debut in Asia's thriving cocktail scene and continues Vesper's line of great bar managers since our opening in 2014.
